NUMBER 24

AN ORDINANCE.

An Ordinance causing to be prepared, denominated, numbered and sold, interest bearing Bonds of the City of Mt. Sterling, Kentucky, the proceeds of which to be used in the construction of a Sewerage System in the City of Mt. Sterling, Kentucky, and providing for the payment of said Bonds and the interest thereon.

Be it Ordained by the Mayor and Board of City Council of the City of Mt. Sterling, Ky.:

That whereas the Mayor and Board of City Council of the City of Mt. No More Football Trips.

High school football trips are things of the past so far as Chicago schools are concerned.

In regard as to whether the boys might take the trip during vacation time without the use of the school name, the Board stated that any such move could be "properly construed to be an act of insubordination and punishable by suspension."

UNITED STATES

The Only Civilized Country That Has Not Got a Parcels Post.

John Wanamaker says there are just four reasons why Congress will not enact a parcels post law, and those four reasons are the four big express companies, which with other big corporations control Congress and prevent any legislation inimical to their interests.

He makes three striking points in his contention, viz: First, the United States is the only civilized country on the globe that has not got a parcels post. Second, the people of the United States want, need and should have a parcels post. Third, the people of the United States cannot have a parcels post because the grafters stand between and say: "You shall not."—Kansas City Times.

No Damages Can Be Collected.

In the Court of Appeals the case of the Blue Grass Traction Company against J. D. Grover, appealed from Scott county, was reversed. On account of defective flooring of the bridge on the Georgetown pike, used by the Blue Grass Traction line, Mr. Grover's fine trotting mare, in charge of a groom, got one foot caught in a hole in the flooring and was badly injured. Mr. Grover was given \$5,000 damages in the lower court. The Court of Appeals held that the fault of the bad flooring was not that of the Traction Company, but that of the county of Fayette, and the county cannot be sued because the county is a branch of the State government, and the State cannot be sued.

Realistic.

During one of his Presidential trips Mr. Cleveland, accompanied by Secretary Olney, arrived at a town in a heavy storm, and they were driven from the station with haldestones rattling on the roof of their carriage. A brass band, undismayed by the weather, bravely stuck to its post and played the welcoming airs.

"That is the most realistic music I have ever heard," remarked Mr. Cleveland.

"What are they playing?" asked the Secretary of State.

As a result of complaints made that milk is being shipped into Louisville and sold from certain sections of Kentucky and Indiana, where dairymen have refused to have their cows tested for tuberculosis, a meeting of health experts, physicians and dairymen from the two States was held.

After a discussion of the question it was decided that a notice shall be sent out by the State Board of Health, advising milkmen and dairymen that unless their cattle have been tested and pronounced free from tuberculosis inside of ninety days, their milk products will be barred from Louisville.

POOR HOUSE CONTRACT

The Fiscal Court meets in adjourned session on tomorrow, Thursday, 23rd. Many taxpayers will watch with interest what disposition will be made of the Poor House farm contract, to which attention has previously been called.

Concerning this, we wish to express three thoughts:

First—The present court ceases to exist on December 31. The present contract for the Poor House farm closes in March, next. At the November term the court, by a vote of 4 to 3, let the contract for a term of two years, to become effective and to continue after their tenure in office ceases, thus relieving the present court of any responsibility for or supervision of the next management of the farm. This early letting has been unusual. During our presence at the last sitting of the court, the County Attorney maintained that this action of the court was wholly illegal. Personally, the Judge declared his desire to do only what was proper and legal in the matter. Final action was thus set for the 23rd.

Second—At the November term of the court there were two applicants for the farm. Official investigation, sustained by current report, shows that, so far as sobriety is concerned, both of the applicants have habits which impair efficient and honorable service while caring for the unfortunate, maimed and aged poor of the county.

The general public may lament the fact that these applicants as private citizens are so and so; but the general public may and should protest that these applicants, as official representatives, are to be considered in the selection of a guardian for our county's poor.

We do not hesitate thus publicly to protest against the retention in office of any man for the County Poor House or any other public trust when that man or prospective officer is in the habit of getting drunk.

We have protested and will in the future protest against the commitment of public trust to men unworthy of them.

Third—If either of these applicants is chosen because of his moral fitness for the place, we suggest that in the letting, the financial interest of the county be considered. The rejected bid was from \$900 to \$500 lower than the accepted bid. The taxpayers may ask why this.

There is another phase of the County Poor House under former management, which, for the sake of decency, should not be repeated. We do not wish at this late date of present management to give publicity to it.

The court (present or after January 1) should look carefully and discreetly to the FUTURE.

A HAPPY XMAS TO ALL.

If the Advocate fails to appear or is smaller than usual next week, remember that this is Xmas.

Editors, printers and devils and other folks sometimes enjoy a rest.

The good roads amendment to the constitution does not give one county the right to put a tax on another, nor does it impose a tax on the people of any county for roads unless they want to be taxed. It simply gives any county the right to vote for the issue of bonds, or for other means to secure funds to maintain and improve the turnpikes and the public roads.

The editor was dying, says an exchange, but when the doctor bent and placed his ear on his breast and said: "Poor man! Circulation almost gone!" the dying editor sat up and shouted: "You're a liar! We have the largest circulation in the country."

It is not safe, wise or patriotic to elect to office men who are known to be drunkards, dishonest or reprobate.

QUITE A RUSH.

All Warehouses Very Busy Receiving Tobacco.

On Wednesday morning of last week at about 9 to 10 o'clock the writer visited the four tobacco warehouses to see how much tobacco was then on the wagons.

He saw at Kirkpatrick & Clay's houses on Sycamore street 32 loaded wagons and 5 being unloaded, total 37.

At Robertson's and Kirkpatrick & Clay's Locust street houses were 23 loaded wagons and 3 being unloaded, total 26, and on Main street 5, making grand total of 68 loads. We did not ask how many wagons had already been unloaded that morning.

At the four houses the unloading capacity and space appeared to be occupied—only 8 wagons at a time—consequently sixty wagons were standing. The facilities seem to be very inadequate, necessitating long loss of time to the farmers and consequent expense.

We met Jas. A. Nickell, of Ezel, Morgan county, who had just then arrived with his crop of tobacco, 2,100 pounds, raised on 11 acres, which he had sold for 14c per pound. This had brought him \$304.50. He said his load was the first of 25 wagons enroute with him from Ezel, all bringing tobacco. He said this 11 acres was cheap land, and that the expense actually incurred except hauling was \$5, as he and his boys at spare times had raised the patch.

Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable, have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are not, Dr. Mill's Nervine will help you, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work naturally. Try it to-day.

"I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spells of headache and neuralgia, could not sleep but very little. Every effort that was made to recover my strength was of no avail until I began taking Dr. Mill's Nervine. After I commenced to take the Nervine my sleep was profound and refreshing, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I grew gradually better."
—MRS. J. K. GILBERT, 421 Bergan Ave., Bismarck, Minn.

Dr. Mill's Nervine is sold by your druggist. He will guarantee that the Nervine will do for you what it has done for the thousands of others. If it fails, he will refund your money.

No Need to Worry.

The world need not worry about a coal famine," said Sir John J. Thomson at the meeting of the British Association for the advancement of science, held this year in Winnipeg. There is not the slightest doubt, he added, that long before the coal power and water power of the world are exhausted science will have found a practical way to use the heat of the sun directly. This will give inexhaustible heat, light and power for million of years to come.

Sterling, Ky., all the laundry fixtures, washing machines, etc., and laundry paraphernalia of all kinds belonging to the defendant Woo Yoo; also articles of household furniture and other personal property belonging to the said Woo Yoo. Executor's Sale Of 331 Acres of Tobacco Land.

As Executor of the late John W. Skillman, I will sell to the highest bidder, on

Wednesday
January 19th, 1910

at 10:30 a. m., his farm, containing 331.64 acres of land, situated 2 1/2 miles from North Middletown and 3 1/2 miles from Little Rock, on Skillman pike. All but to acre of this land is now in Blue Grass, much of it having been so for 30 to 40 years, some of it never having been plowed.

No tobacco or hemp has been grown upon the land, and practically all of it will produce either of the finest quality. No part of Bluegrass county grows finer tobacco than does this section. There is upon the farm a comfortable brick house of seven rooms, a stock barn and all necessary outbuildings. This farm is divided into equal parts by the Skillman pike, and the land is therefore subject to division into four small tracts, each being well watered and each having a frontage on said pike.

Tract No. 1 contains 37.37 acres. Tract No. 2 contains 69.47 acres. Tract No. 3 contains 120.42 acres. Tract No. 4 contains 94.35 acres. This land will be offered in separate tracts, then as a whole, and the bidder or bidders aggregating the most money will be accepted. Situated as it is in one of the best neighborhoods in the state, convenient to churches and schools and with its fertile soil, it is a rare opportunity for either a home or a place for an investment that will yield quick returns.

Sale will take place upon the premises. TERMS.—One-third cash, balance in one and two years, with interest at six per cent. from date of sale, or purchaser may pay cash if he so desires. Prospective buyers will be shown over the farm if they will inquire at North Middletown Deposit Bank.

JNO. T. COLLINS

Executor of J. W. Skillman.

SALOON LICENSE

FIXED AT \$1,000.

Thirteen Applications Filed With City Council of Somerset.

At Somerset, Ky., on Monday night, Dec. 13, the old Council stepped out and the new took their places. The new Council passed an ordinance fixing \$1,000 as the license fee for saloons. The Local Option Committee which led the fight for the drys in the recent campaign, will contest the election which gave the wets a majority of 86.

The law provides that no license can be issued until the contest is finally decided, and it is likely to be fought through the lower courts and Court of Appeals. Whether a license can be legally issued while a contest is pending was passed upon by the Court of Appeals in 1907 in a case from Cloverport. The Appellate Court in handing down its decision said that until the certificate of the latter election annulling the former one was spread on the order book, the certificate prohibiting the sale denies to any person the right to sell liquor in the territory, and when the sale of liquor in a territory is prohibited, the issuance of license authorizing the sale will be no protection to the person who receives it, as the authorities are without power to grant license; that it was the legislative intention that status in any given territory should not be changed by any election until the certificate was spread on the order book, made manifest by the provision that "when a notice of contest shall be executed on the County Judge, the certificate shall not be recorded."

MARRIAGES.

CLARK-LEAMING.

Miss Poyntz Clark, of this city, and Mr. T. C. Leaming, of Elmira, New York, were married in Covington, Ky., December 18, by Rev. Hagen. Miss Clark has been nursing at the Good Samaritan Hospital, Lexington, for the past two years. Mr. Leaming is a popular young business man of Cincinnati.

On tomorrow, Thursday, December 23, 1909, at the residence of Levy Spencer on Maysville pike, his daughters, Misses Dora and Peachie Spencer, will be united in marriage to Mr. Ollie Groves and Mr. Albert Hudson. Mr. Groves is the son of Elijah Groves near Springfield church, and Mr. Hudson is the son of W. B. Hudson, of Hope, this county. On Thanksgiving day Miss Carrie, the sister of the brides elect, was married to C. E. Hudson, brother of the groom elect. The ceremony will be performed by B. W. Trimble, who officiated at the other marriage.

OWINGS-PETERS.

Jack Owings, of Montgomery county, and Miss Leonora Peters were married at the home of the bride's parents, Thomas J. Peters and wife, at 8 o'clock Tuesday night, December 14. Rev. R. A. Walton performed the ceremony. Only the family and a few intimate friends were present. The bride is noted for her beauty, grace and culture. She is a bright and charming young lady, having been one of the belles of society in this part of the State since young girlhood. The bridegroom is the eldest of the three sons of Joshua Owings, the wealthy farmer of Montgomery county. He is a young man of popular manners, is widely known and has a host of friends, who wish him and his fair bride a life of much happiness and prosperity.—Owingsville Outlook.

HILL-BIGSTAFF.

The people of our city remember with pleasure Rev. T. Benton Hill, who for more than two years was pastor of the Baptist Church here, prior to his resignation on March 1, 1909. He returns to take as his bride one of Mt. Sterling's fair daughters, accomplished and wealthy, in the person of Miss Penton Bigstaff, oldest daughter of Mr. and Mrs. J. M. Bigstaff. The marriage occurred at her home on Tuesday at 3 o'clock p. m. December 21, 1909. The ceremony was performed by Rev. E. Y. Mullins, President of the Baptist Theological Seminary, Louisville. R. G. Kern was best man. The aged mother of the groom in Virginia has been an invalid for over a year and the bride's mother has been sick for several weeks. On this account the marriage was a very quiet affair, witnessed by only a few relatives and intimate friends, necessitating a change in their original expectation of a more public event. Since March 1, Rev. Hill has been agent to secure the Jubilee Endowment for the Baptist Theological Seminary. His field of labor is North Carolina, with headquarters at Raleigh. After a short visit to Washington, Baltimore and New York, they will visit the groom's mother, at Virginia, Va., then go to Raleigh, N. C. Revs. Hill and Mullins while here were guests of Mrs. M. W. Chorn. A host of friends wish for the happy groom and bride many blessings and great joy and a successful ministry.
